

# How Compass Technology Helps Find the Buyer for Your Home

Unlike any other brokerage, **Compass's Reverse Prospecting tool** offers homeowners **real-time data on buyer activity** for your home from **33,000+ Compass agents** and **their millions of buyers**. We'll know the **moment a Compass agent shares your listing** and can **monitor when a client has viewed, favorited or commented on your listing**.

*"This is so much easier than going to the MLS and trying to do reverse prospecting. This is really slick - It is giving me strategies to reach out to buyers agents for my listings and I know the deal will get to the finish line with a Compass Agent."*

- Tammy Venable, Indianapolis Agent

*"Love this feature and so happy we finally have it. I was just able to personally text agents who have a client that has favorited my listing. Thank you for adding this feature!"*

- Lizzy Confalone, Colorado Agent

**COMPASS**

*Win more listings and help close transactions faster!*
